

Poster Prizes of the Day of BioMedical Research 2023

Fabian Luther

received the the prize for the Best Preclinical Project for his poster entitled

[“PPAR- \$\gamma\$ regulates the effector function of human TH9 cells by promoting glycolysis”](#)

Matteo Bargagli

received the the prize for the Best Clinical Project for his poster entitled

[“Selective V2 vasopressin receptor blockade with Tolvaptan increases urinary exosome Pendrin expression in patients with Autosomal Dominant Polycystic Kidney Disease”](#)

Nick Kirschke

received the the prize for the Best Project by a medical student for his poster entitled

[“Influence of macronutrients on heart regeneration in zebrafish”](#)

Inês de Paula Costa Monteiro

received the Stem Cell Project Prize for her poster entitled

[“Role of ILC2s in the regulation of colorectal cancer stem cells”](#)

Nic Krummenacher

received the Alumni MedBern Research Award for his poster entitled

[“Validation of the usability of a new interactive and sensor-based hand trainer, the Smart Sensor Egg, for training hand coordination and dexterity”](#)

DBMR Prize for Innovative Research Idea 2023

Christa König

[“When time matters: Association of time to antibiotics \(TTA\) with outcome in children undergoing chemotherapy for cancer with fever in neutropenia \(FN\) – an international individual patient data \(IPD\) Meta-analysis”](#)

Federico La Manna

[“A cross-omic toolkit to approach residual disease in prostate cancer”](#)

Mattia Aime

[“REM sleep and emotions: the missing link for a better life quality”](#)

Prize for the Best DBMR Publication 2022

Jakob Zimmermann

[“Noninvasive assessment of gut function using transcriptional recording sentinel cells”](#)

Published on 05.2022
Science

Benoît Pochon Prize 2022

Jana Remlinger

[“Investigation of Antibody-driven Central Nervous System Autoimmunity with Focus on Involvement of the Visual Pathway”](#)

Johanna Dürmüller-Bol DBMR Research Award 2023

Mattia Aime

[“REM sleep and emotions: the missing link for a better life quality”](#)
